Dear Jackie Klingenberg,

This is to acknowledge receipt of your Letter of Protest/Comments to the Public Service Commission of South Carolina. Your Letter of Protest/Comments will be placed in the Protest File of the Docket listed below and on the Commission's Website at [www.psc.sc.gov](http://www.psc.sc.gov).

- Docket No. 2017-370-E - Joint Application and Petition of South Carolina Electric & Gas Company and Dominion Energy, Inc. for Review and Approval of a Proposed Business Combination between SCANA Corporation and Dominion Energy, Inc., as May Be Required, and for a Prudency Determination Regarding the Abandonment of the V.C. Summer Units 2 & 3 Project and Associated Customer Benefits and Cost Recovery Plans

A Protestant is an individual objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but cannot cross-examine witnesses offered by other parties.

According to the Commission's Rules of Practice and Procedure, filing a Protest does not make you a Party of Record. A Protestant desiring to become an Intervenor (i.e., a Party of Record) in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission.

You can follow this Docket and other daily filings made at the Commission by subscribing to the Commission's Email Subscriptions at this link: <https://dms.psc.sc.gov/Web/Email>; or you may specifically follow Docket No. 2017-370-E at this link: <https://dms.psc.sc.gov/Web/Dockets/Detail/116542>

If we may be of further assistance to you, please do not hesitate to contact us.

Sincerely,

John,

I am sending you this note to make you aware that I find it unbelievable that there is a consideration to only reduce the SCE&G invoices by 7% if Dominion takes over for them and even the 15% is at best a compromise, when you consider we've been paying over 18%. This burden was placed on consumers by the legislators that voted in favor of the base load review act and now it seems with the failure of the nuclear project, we are not being taken care of - this is why American's are so distrusting of government officials. Hopefully you will do the right thing and make sure we are given at least the 15% reduction.

We've all seen how well paid the SCE&G executives have been over the years and it is ridiculous that our elected officials played a part in giving them the ability to take money from the consumers to pad their own pockets.

Regards,

Jackie Klingenberg
